#### **Technical data sheet**

#### Suspension bracket for wide span systems

Suspension bracket to suspend cable trays and cable ladders to previously installed wide span systems. Can be used indoors and outdoors. Cable trays or cable ladders can be mounted both in a lengthwise and a transverse direction beneath previously installed wide span systems. Optional mounting in conjunction with C profile rail or U profile.

For suspension on wide span cable trays or cable ladders with rectangular rail top edge.

The statics and the load limit values of the cable supports, on which the additional cable trays or cable ladders are suspended, must be taken into account.
